The policy of the Nevada Division of State Parks is to fully comply with the intent of Title VI of the Civil Rights Act of 1964. Title VI provides that no person in the United States shall, on grounds of race, color, or national origin, be excluded from participating in, denied the benefits of, or subjected to discrimination under any program or activity receiving Federal financial assistance.

The preparation of this plan was financed in part through a planning grant from the National Park Service, U.S. Department of the Interior, under the provisions of the Land and Water Conservation Fund Act of 1965 (Public Law 88-578, as amended).

STATE OF NEVADA  
OFFICE OF THE GOVERNOR

KENNY C. GUINN  
Governor

Dear Fellow Nevadans:

I am pleased to present to you **Nevada's 2003 Statewide Comprehensive Outdoor Recreation Plan—Assessment and Policy Plan**. This plan identifies and presents the top eight outdoor recreational issues facing our state and recommends actions to address each issue. The plan was developed through the most extensive public input in the 38-year history of the plan.

Nevada is blessed with an abundance of natural resources. Scenic mountain ranges abound throughout Nevada. Nevada has more public lands than any other state except Alaska. Parks and open spaces are popular tourist destinations for Nevadans and our millions of annual visitors. Outdoor recreation is vital to Nevada's economy and to the health of our citizens. I encourage each of you to take time to get out and enjoy the wonderful outdoor recreation resources and facilities we have in Nevada.

The needs of Nevadans and our visitors to participate in outdoor recreation activities can best be met by all of us working together with respect for everyone. Working cooperatively, we can make Nevada a premier state for natural resource tourism and outdoor recreation while conserving our natural resources.

Sincerely,

KENNY C. GUINN  
Governor
